

GOLDEN RETRIEVER FOUNDATION PAYS FOR SENIOR CERF REGISTRATION

The Golden Retriever Foundation will pay for CERF registrations for any Golden 8 years and older. Because the average age of onset for PU is 8 years, the new recommendation is that all Golden Retrievers, particularly ones that have been used in a breeding program, have their eyes checked and registered with CERF for their lifetime. To allow Golden breeders to make informed breeding decisions, the recommendation is to permanently register these results in a public forum such as CERF. CERF shares results with OFA so the information is recorded there as well.

The program involves printing out a simple voucher to be included with the CERF form you send in for registration in the database. It is understood that all dogs will be included in the public database so the owner must agree to results being published. The voucher is below.

Senior Golden Retriever (8 and older) CERF Voucher

Paid by the Golden Retriever Foundation

The owner must allow the information to be published.

AKC/CKC Number _____ Date of Birth ___/___/___

Expiration Date 06/30/2013
